What follows is your personal natal chart information, as well as interpretations of the positions and aspects in your chart.

With this report, you'll find out the positions of the planets in your natal chart by sign. The most personal of these are the Sun sign, Moon sign, Mercury sign, Venus sign, and Mars sign. Most people already know their Sun sign. If your time of birth is known, you will also find out your Ascendant, or rising sign, as well as the positions of the planets in the houses of your chart. Aspects between the planets are also listed and interpreted.

If the birth time is unknown, we cannot know the Ascendant or house positions. The natal chart shown here is an Aries chart in that case. Additionally, you may not know the Moon sign for certain. This is because the Moon changes signs approximately every 2-1/2 days. Less probable but still possible is a change of signs for the other planets and luminaries, depending on the planet itself (for example, the Sun changes signs every 30 days or so).

Each paragraph of interpretation refers to an individual position in your chart. All of these

positions and aspects are some of the "parts" that make up a "whole"--you! Some of these interpretations will be contradictory, just as people are contradictory. A person can be timid in love and aggressive in business, for example. As well, we evolve and grow throughout our lives, facing challenges that help us to handle our positions and aspects in a different way. We all have choices, and one of the major benefits of astrology is the chance to understand ourselves so that we can work with our natal charts and improve ourselves. Any computerized report that interprets the individual placements in a natal chart is somewhat disjointed, simply because the different parts that make up the whole are not synthesized.

Some of the interpretations are more detailed than others. You can use this as a starting point and do some further reading about different positions (such as Moon in Libra, Saturn in the 10th house, Moon conjunct Mercury) in your chart by exploring our own site, other astrology sites, and by reading astrology books.

The tables show the technical details of your natal chart, personalized based on your birth data. Below the tables, you'll find your free birth chart report.

Planet Positions, Ascendant, & Houses

The following table shows the position of the planets in your chart, by sign and degree. You will also find the sign of your Ascendant and the signs on the cusp of each house in your natal chart only if the birth time is known. The Roman Numerals refer to the houses, where the Ascendant is also the first house and the Midheaven is also the tenth house. For example, if the sign Taurus is next to Mars, you know your Mars is in Taurus. If the sign Libra is next to Venus, you know your Venus is in Libra. If Cancer is next to Ascendant, you have a Cancer Ascendant, and if Leo is next to II, Leo is on your 2nd house.

Natal Chart Report

Birth Chart

This birth chart report shows the positions of the planets for Claudine.

The Sun

The Sun represents vitality, a sense of individuality, and outward-shining creative energy.

The Sun is in Sagittarius

Restless, cheerful, and friendly, Sun in Sagittarius people are generally on the go. They have a love of freedom, and a disdain for routine. Generally quite easygoing, Sagittarians make friends with people from all walks of life. They love to laugh and tease, and get along well with both sexes. Sagittarians have an often blind faith in people, and in the world. Their optimism is infectious, although it can get them into trouble from time to time. These are curious people who love to learn. Their idealistic nature is hard to miss.

Although generally easygoing, Sagittarius is a fire sign. This gives natives a generally quick temper. Fortunately, they're usually as quick to forget what got them angry in the first place. The need for escape is generally strong, and some Solar Sagittarians come across as a little irresponsible. They're generally easy to forgive, however. After all, their direct, honest approach in life is admirable.

Short description:

She is good, idealistic, enthusiastic, and warm-hearted. She is independent, having a taste for travel and freedom. She is curious and fair-minded.

Possible issues: She is too adventurous and may leave things to chance; may take risks which cause problems; she is rebellious and sometimes tactless when offering opinions.

Sagittarius with ascendant Cancer

Sun in VI: The Sun is in the sixth house

The work that you do, and the services that you offer, are very important to your sense of identity. In order to feel good about yourself, you need to be busy with daily activities and to produce work you can be proud of. Focus on finding a suitable and rewarding avenue for expressing this part of you, being extra careful to choose an occupation in which you can express yourself. You are sensitive to criticism about the work you do, and you work best when you can create your own schedule. Positive feedback for the services you render is important to you, but be careful not to over-identify with the appreciation you receive from others, as your work and your health suffers when you feel under-appreciated. Motivation to do a good job should come from within.

792 Conjunction between the Sun and Jupiter

Endowed with generosity and friendliness, in some ways you appear to be lucky in life. You attract good things with a positive frame of mind and a charitable disposition. Rarely entirely "down and out", you are usually well-received, helpful, and well-informed. You may enjoy travel and have a special affection for foreign places and people. You're generally not very competitive, and for the most part not combative either. As a result, you are usually well-liked.

You are usually good-hearted, possessing strong morals and much faith in life and in people. You prefer to find the good in situations and in people. You don't have a lot of patience with those who break the rules, as you generally believe in order, equality, and the law. You usually make good on your promises, and the sincerity you exude can be trusted. Looking on the bright side is your forte--people can turn to you for a pleasing dose of faith and optimism.

You are quick to chuckle and can't resist any appeal to your sense of humor. Some people with this aspect are downright jolly. Others are less conspicuous, but their faith in life and willingness to find humor in life are nevertheless obvious.

228 Conjunction between the Sun and Neptune

There is an unmistakably dreamy, inspired, and sensitive side to you. A marked appreciation for music and the arts is present. The connection of Neptune with the Sun, which represents the ego and the will, certainly softens some of the hard edges that might be found elsewhere in the chart, adding a sensitive and spiritual dimension to your personality. You are naturally compassionate. It is so completely natural for you to accept that there is more to the world than what is before your eyes, that you tend to presume everyone must be spiritually-inclined. Of course, you come to realize that this is not the case at some early point in your life. Your attraction to spirituality and metaphysical subjects is usually marked. These aspects favor writers, artists, and musicians. You are sensitive to those who are suffering, although you are not usually taken advantage of. You are humanitarian and may have a special connection with animals. If other aspects and positions in the chart support it, you are not one to dominate others or assert yourself to the point of brashness. You have a fertile imagination, are full of inspiration, and very emotional - all qualities that you may use on the professional level.

-3 Square between the Sun and Midheaven

She struggles with finding a career that suits the personality. She may not face up to problems and her plans are often difficult or even impossible for her to realize.

The Moon

The Moon represents the emotional responses, unconscious pre-destination, and the self-image. The Moon represents the emotions, and the Moon sign shows how a person expresses themselves when at home, at ease, and comfortable.

The Moon is in Taurus

Familiarity is important to Lunar Taureans. These people are earthy and strong-willed. They feel with their senses and they are pretty much rooted in their ways. They revel in material comforts--in fact, building a solid and comfortable home and foundation helps to keep them feeling safe and content.

It isn't wise to try to push Lunar Taureans into doing anything, but once they have made a commitment, they're persevering. There's a steadiness to this position of the Moon that is comforting to those close to them. But the conservative streak in these natives can be maddening to more progressive personalities. They tend to go out of their way to avoid "messy" or unpredictable situations, crises, and emotional displays. Instead, they focus on creating a reliable and secure life around them. In relationships, Lunar Taureans may not easily recognize their partner's need for change, growth, or emotional stimulation.

Moon in Taurus natives are generally very romantic. Their affections are strong, deep, and unwavering. They are sentimental and warm. Since Taurus is a practical earth sign, the placement of the Moon in this sign suggests an ability to protect themselves and their own interests. They will rarely make a move without first determining that it is safe and that there's something in it for them. Generally, Taurus Moon people have reliable instincts. They are very much tied to the physical world, and they often have a particularly well-developed sense of smell. Relationships with people born with this position of the Moon are often quite enduring. Many Moon in Taurus people hang onto their mates, even in the face of serious conflict. Taurus is a fixed sign, so break-ups don't happen easily.

There is a serenity to them that is calming. In fact, it takes a lot to really get to them. However, they do get off-center every once in a while. They are not the most adaptable people when their own routine is interrupted, for example. Though some Lunar Taureans might be considered anal, most simply have a stubborn streak that keeps them rather resistant to change. Rarely are they spontaneous sorts. Uncomfortable with surprises, these natives value stability. Their needs are strong but quite simple at the same time--they love the "good things" in life. The world of the five senses is all-important to these natives. Their love of stability and steadiness can make them slaves to routine. However, they are loyal and capable people.

Short description:

Sweetness itself. Convinced of their ideas and strong-willed. She is foresighted and willful. She knows how to trust. She appreciates all the good things in life. She appreciates and protects Nature.

Possible issues: excesses in pleasure, laziness, sensuality, thoughtlessness.

Moon in X: The Moon is in the tenth house

Changes of situation. She is frightened of getting old and tends to hark back to the past. Perhaps more strongly influenced by the father. Success often due to help from women.

This position of the Moon indicates an emotional need for recognition, popularity, acknowledgement, and achievement. You can be quite charismatic. You are at your emotional best when you lead a structured and responsible life, but it can take time to get there. You may change your goals and ambitions, and/or your profession frequently in an attempt to find the perfect fit. You may worry about living up to your image, or the expectations of your family. Decisions may be too emotionally biased, or you might act on emotional whims far too often. Learning to set your own heartfelt goals is the challenge here, as it is unlikely you will find true happiness if you follow or adopt the expectations of others, which you are especially sensitive to. You can take on a nurturing or managerial role, quickly adapting to trends.

-38 Opposition between the Moon and Venus

Because you value harmony, you may find yourself giving in to others too easily, especially in the first half of life. Resentment is possible, as you can feel that you are the one who seems to do all the acquiescing. There can be a distinct tendency to become friends (and lovers) with people too readily, simply because there is a strong need for approval and a hunger for receiving affection. As such, you may get involved with people who seem to really like you, and you fail to consider whether you actually like them back! It's somewhat of a weakness, as you are very charmed by the idea that someone seems to really like and appreciate you. Generally, one of your life's lessons is to learn to discriminate more and to get in touch with what you truly want and need. The functions of the Moon (which rules the emotions and feelings, amongst other things) and the functions of Venus (which rules social relationships, harmony, and partnership, amongst other things) are at cross-purposes. When you attempt to feed the needs of one function, it is often at the expense of the other, until you find some sort of balance. This can play out in a variety of ways. For example, there can be conflicts in partnerships about parenting or whether or not to have a family. You may find yourself compromising your own emotional needs in order to find and keep love. Peace and harmony are important to you--perhaps too much so, as you can easily be taken advantage of. Insecurity is something that you need to deal with at some point in your life. Very sensual, you sometimes replace love with food or shopping! You can also be quite sexually active and sometimes quite lustful. You possess a distinct lazy streak. You are capable of working hard, but you truly appreciate luxuriating and enjoying as many pleasures as possible, and self-discipline simply isn't always at your disposal!

While she is usually sweet and gracious, she can also be inconstant and capricious at times, possessing a changeable nature. A varied love life, ups and downs, unusual ideas.

65 Trine between the Moon and Neptune

Positive aspect: She is kind and sympathetic, with a strongly compassionate nature. When in love, she is usually very devoted. In fact, she is devoted by nature, not only in matters of the heart.

There is an unmistakably compassionate and understanding side to her nature. She has a natural affinity to music. While everyone enjoys music, people with Moon in harmonious aspect to Neptune respond to music as a vehicle to heal, relax, and to uplift the soul. Naturally perceptive, without even trying she tunes into the feelings of others, and the mood of her surroundings. There is a distinct emotional need to escape into the world of imagination, and to withdraw from others at times when she needs to re-center herself, largely because she tends to "take in" a lot of mixed energies from her surroundings. Strong and sudden "feelings" and hunches can overcome her. More often than not, her intuition is correct, although her imagination is also powerful and she can read too much into a situation as a result. Some laziness is associated with this position. This stems from a natural timidity and sensitivity that is apparent from youth. She may have been labeled "shy" in youth, and family members or friends may have jumped in to "save" her from situations that required boldness or aggressiveness. Thus, passivity was accepted and, as adults, she may be less experienced than most when it comes to reaching out or going after what she wants.

-316 Opposition between the Moon and Pluto

She has intense emotions and passionate feelings. She fear the loss of control of emotional and domestic matters, and can fear change, upheaval, being caught unawares, having the rug pulled from beneath her feet. At the same time, she attracts change and disruptions. The love life may be riddled with emotional scenes, jealousy, and possessiveness because she attracts intense partners. There can also be big expectations of a partner or partnership.

111 Sextile between the Moon and Lilith

This aspect favors romantic and sexual relationships, giving charm, intrigue, and intelligence. Emotions are big, dark, and mysterious, but she embraces these things, instinctively understanding and accepting the many sides and complications of her feelings.

Mercury

Mercury represents communication, Cartesian and logical spirit.

Mercury is in Capricorn

Her mind compartmentalizes impressions, and she appreciates structure and order. The mind learns best when it can see practical uses for information. Resourceful, reflective, deep thinker; a fine and vivacious mind. May undertake lengthy studies or, if circumstances do not allow, will teach herself. A rational person. Can be pessimistic, skeptical, and sarcastic, possessing a very sharp sense of humor. Notices everything.

Mercury in VII: Mercury is in the seventh house

May avoid at all costs being alone. She has lots of friends, enjoying discussions and similarly cultivating plenty of work friends. She loves to write.

You have a great love of debate, if only to get closer to your own thoughts and opinions. Bouncing ideas off others helps you to make a decision, although coming to definite conclusions can be painfully difficult for you. You see the other side of the coin. You might often play devil's advocate. Communication with a partner is craved, and you also love an audience for your own thoughts and opinions, but preferably a one-person audience, as you come alive verbally when it's one-on-one. You can be quite skilled at keeping a partnership animated and alive with interesting tidbits, new ideas, and stimulating conversation. You can easily become bored in partnership if the lines of communication go down, even temporarily. You might also love to talk about and analyze relationships and marriage.

86 Sextile between Mercury - Venus

She looks on the bright side of life. She is gay, agreeable, optimistic, sociable. She enjoys speaking and writing, and she does both with charm and artistry. Her intellectual pleasures are very much influenced by her feelings. She is amorous and sensual. She likes beauty, the Arts, travelling, frequent changes of scenery. Aims always for diplomacy. Very charming.

-65 Square between Mercury - Mars

While her spirit is lively, it is also cunning. She often acts without thinking, she often throws herself into things and can often exaggerate or can have a strong sense of drama - and this can bring certain problems. She is nervous and sometimes irascible. She can develop others' ideas -- while others hesitate, she is quicker to jump in, pressing on. Quick to debate, challenge. Quick-minded.

172 Sextile between Mercury - Saturn

She is precise or strives to be mentally organized. She is able to study, concentrate, and focus, and often has the patience to work towards a goal slowly but surely. She may take

time to get communications "just so" and prefers step by step directions. Respects tradition and rules, preferring a sense of order.

-150 Opposition between Mercury - Ascendant

She may criticize and gossip, arguing frequently and often nervous. Without even realizing it, she might look for or instigate a verbal battle, and can be provoking.

Communication is very important to you, and your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off of. You are an excellent conversationalist and can fascinate your partners with your sharp mind. You love to debate issues just for the mental exercise, even if you don't feel strongly about the position you argue! You play devil's advocate often, and your ideal partner understands that your debates are, in fact, mental exercises--certainly not attacks! You are also prone to exaggerate or stretch the truth when trying to make your point, especially when it comes to your own background or experience.

In your close relationships, your partner serves as a mirror, reflecting your thoughts and ideas back to you from a different perspective. You are rather independent and will not allow anyone to restrict your freedom, but you love to talk things out before arriving at a decision. Truth is, you won't always take others' advice! However, you do enjoy looking at problems from all sorts of different perspectives. You may choose partners who are considerably younger than you, or who are not as academically smart as you. Conversations with you are always stimulating and lively. The ability to share your thoughts with a partner is vital to your sense of fulfillment in a close personal relationship.

Venus

Venus represents an interest in emotions and values, exchange, and sharing with others.

Venus is in Scorpio

Venus in Scorpio people attract others with their intensity and willingness to commit. They have a strong and concentrated manner which suggests their feelings run deep. Their actions in love tend to promise deep commitment and sexual pleasure, even if they are not telling you this directly. Their appeal lies in their focus on you, and their dedication. Venus in Scorpio seems fearless when it comes to intimacy. Potential lovers get the feeling that Venus in Scorpio will never stray, that they are intensely loyal to the one they love. They possess you, and somehow make it seem attractive to be possessed.

Venus in Scorpio natives give you their complete attention. These people are very focused on their partners. Depending on your personality, you may find this unnerving or entirely flattering. They have a strong need to control their partner, although this won't be immediately apparent, and they may not ever admit to this. Their body-and-soul love and commitment can be so intense that it eclipses fun and makes loving them a very heavy

experience. Their emotion and intensity may seem overdone to those looking for a more lighthearted relationship. These people take things to extremes, and can be very provocative. Although they want to explore all of your nooks and crannies, they won't always be forthcoming with their own. When you've upset these lovers, you'll know it. Depending on the moment, Venus in Scorpio will shoot you one of the most piercing glares around, or totally blow up. Whichever style they choose, a slighted Scorpio lover is not a pretty sight. These people can be jealous of all of your attachments, but few will admit it. They're not afraid of being underhanded in matters of the heart, and they are experts at cutting through all the fluff and seeing you for what you are. Still, you may find their conclusions about you seem skewed and mistrustful.

Pleasing Venus in Scorpio involves demonstrating your complete commitment and loyalty to them. Appreciate their guts when it comes to love and intimacy -- they're proud of their courage in these matters. If you can, and they're deserving, relinquish some of the control in the relationship. Let them feel they own you, without taking it to extremes. Remember, though, that some Venus in Scorpio lovers can and will take advantage of you on a subtle level, if only to keep you all to themselves. Let them have their secrets and their silences.

Short description: Sensual and passionate. Passions run hot and cold. Full of ardor and desire where the partner needs to be able to match her level. Can be jealous and possessive. If disappointed or deceived in love, she can become bitter. Usually very loyal.

Venus in V: Venus is in the fifth house

She wants to succeed more than almost anything in the love life. She meets pleasant people and has very good friends, usually without too much conflict. She especially likes amusements, parties. She may have many children or love affairs.

Interest in love and/or sex for you likely started young. Playful, sensual, and amorous, you are in love with love! You thrive on romantic attention, and it is easy and natural for you to always have a crush or romantic interest. There is a romantic, playful side to you that is unmistakable. It keeps you young at heart! You are sensuous and enjoy indulging in the pleasurable senses to the fullest possible extent. You enjoy surrounding yourself with beautiful art and music, and these may play a role in your ideal date scenario. There is a touch of the dramatic in you when it comes to love and sex. You are generally quite loyal to your partner, and you are both charming and easily charmed. It's also easy to turn your head. You are a warm, fun and playful date.

261 Conjunction between Venus - Saturn

She has a good grasp of reality and of duty. She is thrifty, reserved and usually not given to showing off. She likes truth and justice. In love, her sentiments are sincere and deep, she never plays false. She is, of course, faithful in love and friendship. She might love a much

older person, appreciating that person's intelligence and good sense.

16 Conjunction between Venus - Pluto

Her emotional and sex life can be powerful and rich. She lives out truly passionate love affairs. Extremely resourceful, she is also excellent at determining the worth or value of material things. She can help others to discover their own worth as well. She is naturally attracted to relationships that transform her, that are growing and evolving, and that are intense. She can use her strong intuition and understanding of others for good or for bad, and this depends largely on other aspects in the chart. She can be highly devoted and passionate to the things (and people) she loves. She can be quite persuasive.

34 Trine between Venus - Ascendant

She likes everything beautiful, the Arts, balance, and harmony. She is amiable and sociable. She likes entertainment and has a loving nature.

Mars

Mars represents the desire for action and physical energy.

Mars is in Libra

Mars in Libra natives often reflect about things before they act. Decisiveness is not their strong point, but they do, eventually, get things done. Many people with this position procrastinate, generally because they feel the need to weigh all of the alternatives before taking action.

Life isn't always fair, as Mars in Scorpio would say, but Mars in Libra will seldom accept this notion. These natives can easily get caught up in defending themselves and others. Although their overall goal is to live peacefully, they stir others up with their desire to balance everything. Still, they always play innocent when they are challenged, and can generally charm the birds out of the trees to win your favor. Passive-aggressiveness is practically the hallmark of this position. They don't want to look like they are ever being mean or unfair, but aggression has to go somewhere! Too often, this results in sneaky behavior and subterfuge. On the other hand, some Mars in Libra people turn the Mars energy into action, and they fight for Libran justice and fairness in the world. On the upside, Mars in Libra people are adept at predicting when problems and discord will occur well in advance. They know how to compromise and are excellent at conflict management.

Mars in IV: Mars is in the fourth house

Quick decisions; she may have a lot of things on her plate and wants to succeed. She will succeed through a phenomenal work-rate. Stormy or simply active family life, where her leadership or aggressiveness shows itself.

You can be fiercely protective of your close friends and family with Mars in your solar fourth house. Anger may be deeply felt and possibly deeply buried, too! As a result, it can be difficult for others to pinpoint your true motives, and you can be considered a real enigma. You can be passive-aggressive in your approach to the outside world when younger, which could lead to resentments if you are not careful--or confident--enough to take a more direct approach to pursuing your desires and expressing your anger. With time and experience, as well as substantial work towards achieving a healthy balance between emotional self-control and expression, you're likely to deal with frustrations in a more empowering way.

-24 Square between Mars - Ascendant

She is quarrelsome and critical at times when a softer approach would be more successful. In this way, she may self-sabotage. Her success can sometimes come about through roundabout means.

Jupiter

Jupiter represents expansion and grace.

Jupiter is in Sagittarius

She attracts the most good fortune when she is open-handed and generous, tolerant, and practices what she preaches. Can be inspirational, usually finding success in travel, education, teaching, sports, publishing, and foreign cultures. Very philosophical, forward-looking, and enthusiastic. Strong morals. She strongly values freedom of movement and expression.

Jupiter in VI: Jupiter is in the sixth house

She can be quite lucky in the working world. She may sometimes lose a little in the world of business in the short term because of high principles and standards for dealing with others, but is likely to win in the long term due to these very same moral standards. She helps the sick and under-privileged with kindness. Charitable and kind. May overdo the good life, enjoy rich foods, and appreciate animals, the country.

149 Conjunction between Jupiter - Neptune

She is very generous and altruistic, helping people in difficulty. She knows how to listen or, at least, how to give that impression to make others feel heard. She is a dreamer with imagination to spare, fully enjoying the Arts.

Saturn

Saturn represents contraction and effort.

Saturn is in Scorpio

Observant, self-controlled, unforgiving, tough, methodical, a researcher, an investigator. Lots of courage, self-assurance, and inclines to keep her cool.

Possible issues: Making no concessions or compromises for fear of loss of control or respect. She might become a fanatic of a creed, a party, work, or a religion in rare cases.

Saturn in V: Saturn is in the fifth house

She likes method, calculation, concentration. She is not as drawn toward frivolity, amusements, or pleasure as much as others. She may have few friends, but does have deep and sincere feelings. She is serious and responsible.

36 Trine between Saturn - Ascendant

She is serious, sober, thoughtful, paying attention to detail. She likes to be with older or mature/serious people.

Uranus

Uranus represents individual liberty, egoistic liberty.

Uranus in Sagittarius

She is shy, delicate but proud, bold and lively.

Uranus in V: Uranus is in the fifth house

She is independent, enjoying even dubious distractions. Her amorous adventures are not only numerous but also very complicated, and may lose their charm over the long term. However, with excitement and attention, love affairs have a better chance of enduring. Can be brilliantly creative; quirky sense of humor.

Neptune

Neptune represents transcendental liberty, non-egoistic liberty.

Neptune is in Sagittarius

May especially enjoy long voyages, things foreign, being close to water. Altruistic, broad spiritual vision, humane, spiritual.

Neptune in VI: Neptune is in the sixth house

She is more prone than most to the side effects of alcohol, medicines, and drugs. A giving profession or service-oriented job.

42 Sextile between Neptune - Pluto

She is perceptive and able to see layers to a situation. She is naturally drawn to learning what makes herself and others tick.

26 Sextile between Neptune - Lilith

Love can dominate her life. She lives her love life to the fullest, and can be very passionate. Her partner may have problems on the professional level, but she is always there to give support. If the partner loses their job and their rhythm of life has to change, she accepts this. She is a lover, and faithful - the most important thing is that they love each other.

-18 Square between Neptune - Midheaven

She may lack assurance, self-confidence. She does not always choose the right path due to struggles with believing in hunches.

Pluto

Pluto represents transformations, mutations, and elimination.

Pluto is in Scorpio

Fear of betrayal. Sensual and passionate.

13 Trine between Pluto - Lilith

She may lead a double life. She may have a secret love affair while having a good relationship with her partner. Most with this aspect, however, are highly perceptive and can keep a secret. Alternative views of relationships are likely.

Lilith

Black Moon Lilith represents our darker, deeper natures that may be repressed or buried.

Lilith in Pisces

She may have felt ashamed or off for being needy, compassionate, or wishy-washy, or for her spiritual side, and this person can feel uncomfortable or annoyed with people who resist labels, who are not very assertive or ready to take the lead. Denying these very human traits in herself can lead to extreme behaviors. Self-acceptance and integration of these traits in moderation can be empowering.

North Node-South Node

The South Node represents our overdeveloped character traits. We are talented here but if we overdo this area of life or hold onto these traits to feel secure, we may stagnate. The

North Node points to the qualities that we need to work on and develop to achieve inner balance and fulfillment.

North Node in Gemini

She has brilliant ideas and is the first to discover new things. However, she has a tendency to ignore the details and may avoid some responsibilities for fear of becoming too bogged down. Taking on too many activities can keep her from focusing on one or two paths, and this can be to her detriment in the long run.

Another life lesson is to understand the impact of her words. Speaking her truth should be done mindfully or else it may undermine her growth at times. A balance should be sought. She can be an excellent teacher and hold far more meaningful and intelligent exchanges with others in so doing. By learning to slow down and take care of business and to live in the present, she is likely to achieve far more happiness and a wonderful sense of inner balance. Qualities to develop: clarification, listening skills, attention to detail.

North Node in XII: North Node in the Twelfth House

Her path is to believe, take a leap of faith, let go of the need to control, and focus on emotional health not just physical. Qualities to develop: some healthy quiet and idleness, willingness to enjoy silence and inactivity from time to time, faith, belief in her intuition.

The Houses

House I is the area of self identity. The ascendant is a symbol of how one acts in life. It is the image of the personality as seen by others, and the attitude that one has towards life.

Sagittarius with ascendant Cancer

Ascendant is Cancer

These people come across as gentle creatures. There's something familiar about them -- they're the guy or gal next door. When they enter a room, they don't walk in with a splash. Instead, they move to the sides and weave their way inwards. These people have a familiar feel to them. Because they are rather sensitive to their environment, they can get flustered easily, especially in public. Their first instinct, when threatened or on unfamiliar ground, is to protect themselves. When new situations present themselves, they can immediately withdraw or act shy. Generally, these people come across as caring people. They seem quite sweet -- even innocent. Usually, these people appear unassuming enough to be quite approachable. Some Cancer Ascendants, however, have retreated into themselves so much as to be quite the opposite.

Since Capricorn is on the Descendant, Cancer Ascendant people are looking for structure

and security in their partner and their relationship. These people function best when their partner displays strength, financial and emotional stability, and know-how. In fact, many Cancer Ascendants prefer it when their relationship has well-defined rules. Security is the basic need, and they are generally more than willing to give up some personal freedom in order to get it. In some cases, Cancer Ascendant people can surprise their partners. Why? Because they come across as rather unassuming, family-oriented people. When it comes to marriage, they have a rather matter-of-fact, practical approach.
